Dear Mr. Manley,

I recieved your letter today. I was wondering why you took so long to write. I offered you two of the best dates of the season. Which is Easter Sun. and Mon. 21st and the 22nd. I would like to know weather you can accept these two dates, be. cause we are booked up until then. This friend you have here, Austin, he's just shoots off the mouth he don't know any thing about this town I run this town, and the way you talk the Newark Eagles will not play us in Port Tampa. I would rather play at Plant Field, but that's a white park and the white teams are playing there. We played Black Yankees
